To every thing there is a season, and
A time for every purpose until graduation,
A time to be born, and a time to die;
A time to learn, and a time to use that knowledge;
A time to conform, and a time to create;
A time to break down, and a time to build up;
A time to weep, and a time to laugh;
A time to mourn, and a time to dance;
A time to turn from enemies, and a time to gather friends,
A time to embrace, and a time to refrain from embracing;
A time to win, and a time to lose;
A time to keep, and a time to cast away;
A time to forget, and a time to remember;
A time to keep silence, and a time to speak;
A time to love, and a time to hate;
A time of war, and a time of peace;
..... and a time to say goodbye.

Halls Are Filled With The Echos Of Vibrant Voices

"Hallelujah! Hallelujah!" rang out from the group of earnest students. The words from Handel's **Messiah** filled the room with the richness of human voices. Calumet's Acapella and band joined forces to produce this great oratorio before the end of the Christmas season. The final performance appeared so smooth that the audience never realized the effort and preparation behind it. After weeks of learning words and music, the chorus then practiced with the accompaniment of the band. Rehearsal after rehearsal came until perfection was achieved.

Student Government Rewards Leadership; Rears Responsibility

What organization at CHS can claim as many achievements as the Student Council? In just two short semesters the student government organization does the inconceivable. This year the agenda was filled with annual events intermingled with many fresh ideas. The Polio Drive and Benefit Dance, Homecoming, Talent Show, and class election campaigns took many after-school hours, but proved fruitful. National Education Week Tea, patriotism campaign, and freshman orientation sessions were just a few new programs. All activities were sponsored by the Council, but workers were representative of the entire student body. While providing leadership and constructive student projects, the Council has become the living example of representative government in a democratic education.

Ambitious Students Study By Day Work By Night

DECA members are a strange phenomenon. They manage to do the impossible, hold down a steady job **and** go to school. While many of their fellow students lunch in the high school cafeteria, DECA members have already left for work. The knowledge gained in DE class is put to use in a practical outlet. Each DECA student is an example of the success of this fine program, and many of them have won prizes in state competition in salesmanship.

Enthusiasm Sparked In Warrior

Take a group of aspiring journalists, add an experienced advisor with a school overflowing with news and you get The Warrior. First the reporters receive their assignments and promptly turn them in. The editors then prepare the stories for publication. The corrected stories are given to the typists. After the ads are sold, the photographs taken and the art work is done, the paper is sent to the art department for printing. The finished paper is then sent back to the staff where it is made ready for circulation.

Calumet Gridmen Struggle Daily For Perfection

It's 2:30 p.m. About 35 husky gridmen are going through a series of calisthenics. After a multitude of jumping-jacks, puch-ups, bridging, and running in place exercises, they split into two groups with Coaches Kokinda and Trcka. While supervising the linemen and backs, Coach Joseph is constantly watching for ways to improve the team. After scrimmages and sprints, the guys run to the showers for a period of bedlam.

CHS Mat Men Reign As Champs After Two Years

"Sectional Champs after only two years!" This refrain was representative of the surprise revealed by local schools and the pride expressed by all of Calumet High School. The wrestling team went from a disappointing first year to a miraculously successful second year. The few who weren't surprised were Coaches Beckham and Henshaw. Both knew that our guys had the potential and all they needed was a year's experience to show what they **really** could do! Besides winning the Sectional competition, CHS was one of the few schools to send two or more wrestlers to Indianapolis. With only two senior wrestlers leaving, Calumet can look forward to even more victories next year.

Intramurals Recreate Thrill Of Varsity Games

How many boys get up at 8:00 A.M. Saturday morning and go to school? Not many. But at Calumet, boys spend their Saturdays playing intramural basketball instead of sleeping. Since the Varsity team has few members on the squad, many boys are left out of competitive basketball. To make amends, eight teams are organized by the boys themselves for some spectacular Saturday playing.

Snowball Fights Inaugurate Spring Training

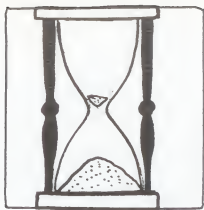

Visualize a group of boys, bursting with vitality, running the track, playing baseball, and practicing golf shots. Now imagine a field covered with snow and even more snow falling. Put the pictures together and you have Calumet's track, baseball, and golf teams trying to practice in Indian's wonderful weather. But the lack of greenery doesn't stop the CHS boys from working hard and long. This year the track team will be defending the conference title, while the baseball and golf teams keep improving their already excellent records. Our spring teams have spirit despite a lack of warm weather.

To be chosen Outstanding Senior is one of the highest honors a Calumet student can receive. This means that the senior class has chosen them as the two students they would be most proud to have represent their class both now and in the future. This is an award of honor and of responsibility. The Class of '67 presents its choices for the . . .

Special Awards Focus Attention On Leadership

Awards day has come to represent the recognition of seniors who have given an outstanding contribution to CHS. Although the Girls' and Boys' State delegates, the DAR Award, and the Bausch & Lomb Award, have already been announced, many other honors will have to wait. Four years of hard work will be acknowledged on Awards day. The excitement and anticipation are unrivaled by any other event at Calumet.

What started off as a half-day vacation turned into a blinding nightmare for all CHS students and teachers. No one suspected that the previously predicted 8 inches of snow would transform into a white-capped mountain of 27 inches! School was reluctantly dismissed by noon and it soon became apparent that a full-scale blizzard was invading Gary and the vicinity. Then came the two weeks of impassable roads, canceled activities, and trips to the grocery store for bread and milk. The blizzard has become the most significant event of 1967. It will be remembered long after the snow is melted, if it ever melts!

In our recruiting we ask that applicants have completed their High School education. That's because we try always to fill higher, more responsible jobs from the ranks of our employees. And the records show—the better the employee's education, the better he is at his job—and the better he does for himself.

Inland employees continue to gain knowledge and experience in special trades through formal apprenticeship programs offered in the following trades—Machinist,

Patternmaking, Boilermaking, Welding, Shop Electrician, Wireman, Mason and Pipefitter.

Many concentrate on certain phases of steelmaking by working in production while others work in laboratories helping to assure quality or developing new and better products for our customers.

How about you? Inland Steel is steadily expanding. More and more opportunities will be open to you as our growth continues. Are you ready?

Acknowledgements

For all the extra sacrifices and unlimited services, the 1967 Chieftain staff would like to express its thanks to Mrs. Connie Henshaw, yearbook advisor. We also would like to give our appreciation to Mr. Bob Hastings, American Yearbook representative for helping us with our numerous problems. A special thank you goes to our principal, Mr. Hile, and the faculty for their cooperation and patience with all the inconveniences we caused them.
